Covid Secure – the Risk Assessment

It is All Saints Policy to require and expect all organisers of events at All Saints to ensure they carry out a Risk Assessment following national guidance and advice. All events must be managed in a manner that ensures the safety of all visitors and participants.

All Saints Clifton is a sacred space, open to all, every day and all day.

All Saints is an active, living, inclusive and liberal church in the city of Bristol.

Throughout each day many people come into the building for private prayer, devotions, a place to sit and think or simply a place to be for a short while of peace and quiet.

It is also a busy community location with a rich programme of music and concerts, exhibitions and talks, meetings and workshops (including: yoga, Pilates, art groups, Brownies, Biodanz, Tai Chi, Adventure Babies and so much more).

With all this there's also the regular 'Friends on Friday Café', Sunday Afternoon Worship, Over-50s Forum and other social events.

And, of course, it's a church with three acts of worship each and every day.

Please come to anything that interests you – you will always receive a warm welcome.

With every blessing

Fr Charles Sutton
Vicar of All Saints, Clifton
