Clifton Church of England

Greetings All

All Saints is your Parish Church

All Saints serves the community of Clifton and gathers others from across Bristol who find meaning and purpose in the worship, liturgy, and sacred space.

It is a place which is open to all, each day and every day.

People come to worship on Sundays at the Parish Mass or Early Worship. Throughout the week, they also gather for regular services, festivals and the daily offices.

And there is more than this. Each and every day there are people who spend some time in this church, in reflection and thought, in quiet contemplation, or simply to spend a little time out of the rush of daily life.

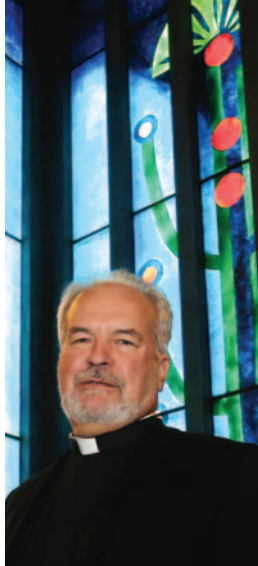

Additionally, there is a rich programme of music, talks and exhibitions that take place within church, the Atrium, Sacristy and Randall Room.

Everyone is very welcome to come inside and see what might interest you and don't forget to look at the website for information about concerts, exhibitions, events, and updates.

With every blessing

Fr Charles Sutton

Vicar of All Saints, Clifton

About The Rt Revd and Rt Hon The Lord Williams of Oystermouth

Dr Rowan Williams is a famous Welsh bishop, thinker, and poet. He is most famous for serving as the 104th Archbishop of Canterbury from 2002 to 2012. In that role, he was the leader of the Church of England and the symbolic head of the global Anglican Church. He made history as the first person in modern times chosen for this role from outside the Church of England itself, having previously served as the Archbishop of Wales. Today, he is known as Lord Williams of Oystermouth and lives in Wales, where he continues to write, speak, and teach. ●

The All Saints Atrium Development Project: an update

This October we will be half-way through the Atrium Development Project – we hope the work will be completed early in the New Year. Not only will this work make a huge difference to the life and ministry of All Saints, within this community and signals our care for the climate and environment. We are aware of the impact of new construction and have put processes in place to offset this, including reusing existing materials and reducing transport. The Solar panels and air-source heat pumps will also benefit our future. And, of course, the additional space for church and community, extra toilets (one being fully accessible). This is all very good news. ●

Sometimes called 'Adoration', but more accurately known as the 'Exposition of the Blessed Sacrament'. It is the act of reverently removing the Blessed Sacrament from the Tabernacle and placing it in a monstrance on an altar, where the worshipping community are able to be present and pray or reflect. Exposition has a long history and is a solemn liturgical ritual of the Church. *Whilst the Exposition takes place over an hour, worshippers may come and go, remaining in the Presence for as long as they wish – or staying for the full hour.*

SAT 7TH NOVEMBER

In The Sacristy 10:00^{AM} -1:00^{PM}

Sharing the story of the Gloucester
World War I poet & composer
through war letters, poems and
music *curated by Chris Hillman*

Ivor Gurney was that rare being: both poet and composer, the first Englishman to be dually-gifted in these two arts since Thomas Campion in the reign of Elizabeth I, and his output was prodigious. He left us around two hundred songs, several chamber and instrumental works, and over three hundred poems and verse-pieces, the best of which mark Gurney out as a creative spirit touched by genius. ●
